ABOUT SHE + TECH

Who We Are

She Plus Tech is a global nonprofit that enables women and girls to fully participate, lead, and innovate in the tech economy. We equip women and girls with critical tech skills, access to leadership and entrepreneurship pathways, global mentorship, and a strong support ecosystem. We are building a future where women are equal creators and decision-makers in technology.

Vision

To serve as a global nexus for women's empowerment in tech, connecting education, innovation, mentorship, entrepreneurship, and policy advocacy to create a more inclusive, equitable tech landscape.

Mission

Enabling Women to Learn, Lead, and Launch with Technology

Core Programs

- **Tech Girl Colony:** Engaging girls (10–17 years) in STEM through hands-on learning, exposure, and projects.
- **SkillUp:** Free and subsidized beginner-to-advanced courses for women aged 18 to 45 to upskill/reskill for careers in tech in fields like AI/ML, Cybersecurity, Cloud Computing, Data Analytics, Product Management and more. Includes certifications, job readiness, and soft skills training
- **Shepreneur+:** Supporting women-led startups and businesses with access to tech enablement, mentorship, funding, accelerators, and business development tools and resources.
- **Membership Network:** A global network of members, mentors and peer supporters offering guidance, strategic insight, and long-term career navigation.
- **Advocacy Platform:** Partnering with industry, government, and academia to drive inclusive tech policies and fair hiring, pay, and promotion practices.

5 year Goal Projection

- Empower 200,000 women by 2030
- Achieve an 80% placement rate into jobs, leadership roles, or tech startups
- Enable policy change in 50+ tech organizations
- Raise \$1M in funding (cash + in-kind) to drive access and innovation
- Expand our active impact to 6 continents through membership.

Our Approach to Enablement

- **Technical Skills Access:** Online and in-person learning tailored to emerging market needs.
- **Career Placement:** Job matching, portfolio development, and internship opportunities.
- **Startup Support:** Early-stage funding, business mentorship, and exposure to investors.
- **Leadership Pathways:** Speaker platforms, visibility at global events, and board prep.
- **Ecosystem Building:** A strong, safe, and inclusive global community where women uplift each other.

Why Partner with Us?

- Multi-level enablement model: training, mentorship, entrepreneurship, advocacy.
- Direct impact tracking through assessments, placements, startup launches, and policy shifts.
- Focus on underserved regions: especially in Africa, Asia, and the Caribbean.
- Aligned with global development, SDGs, gender equity, and digital inclusion goals.

What Next?

- Expand network to the United Kingdom and United States of America.
- Increase membership and by extension programmatic impact to 500 women and girls in 2025; 3000 in 2026.
- Create expanded corporate and individual enablement channels in operational countries.

How To Get Involved

- Corporate Partners: Sponsor programs, provide grants, host interns, co-host events, provide access to your network and tools.
- Foundations/Donors: Fund regional growth, scholarships, tech labs
- Policy/Academic Partners: Collaborate on research, curriculum, or inclusion policies
- Volunteers: Speak, mentor, teach, or help run our programs/events.
- Individual Collaborators: Donate, volunteer as mentors
